About Big Sky Industrial Inc.

Big Sky Industrial Inc. (NASDAQ: BSIN) is a Houston-based industrial gas, carbon management, and energy company with operations focused on the Big Sky Carbon Hub and Cut Bank oil field in Montana's Kevin Dome region. The Company's asset base supports three distinct business lines: helium production, carbon management, and low-decline oil production. Big Sky Industrial is focused on developing an integrated platform that leverages helium as a federally designated critical mineral, carbon management opportunities supported by Section 45Q federal tax credits, and conventional oil production from its owned and operated assets. The Company's operations are designed to generate revenue from multiple independent sources across helium, carbon management, and oil. For more information, please visit www.bigskyindustrialinc.com.
